## Preface

Commission staff and the official preparers of Probation Violation Guidelines can no longer precisely determine statutory requirements because of the evolving body of case law interpreting the application of §§ 19.2-306 and 19.2-306.1. As a result, the Commission has elected to remove the Guidelines preparer from the requirement of interpreting the statutes and applying case law to current violations. Judges will be supplied the details about the violation in the Major Violation Report. A record of past violations for the underlying offenses will be listed on the Sentencing Revocation Report. The Probation Violation Guidelines will always produce a historically based recommendation. Judges will determine if the statutory requirements supersede the Guidelines recommendation. After the judge's decision, *SWIFT* will adjust the recommendation on the Sentencing Revocation Report to reflect the statutory requirement of no time or 0-14 days.

## Code of Virginia

### **§ 19.2-306. Revocation of suspension of sentence and probation.**

A. Subject to the provisions of § [19.2-306.2](#), in any case in which the court has suspended the execution or imposition of sentence, the court may revoke the suspension of sentence for any cause the court deems sufficient that occurred at any time within the probation period, or within the period of suspension fixed by the court. If neither a probation period nor a period of suspension was fixed by the court, then the court may revoke the suspension for any cause the court deems sufficient that occurred within the maximum period for which the defendant might originally have been sentenced to be imprisoned.

B. The court may not conduct a hearing to revoke the suspension of sentence unless the court issues process to notify the accused or to compel his appearance before the court within 90 days of receiving notice of the alleged violation or within one year after the expiration of the period of probation or the period of suspension, whichever is sooner, or, in the case of a failure to pay restitution, within three years after such expiration. If neither a probation period nor a period of suspension was fixed by the court, then the court shall issue process within six months after the expiration of the maximum period for which the defendant might originally have been sentenced to be incarcerated. Such notice and service of process may be waived by the defendant, in which case the court may proceed to determine whether the defendant has violated the conditions of suspension.

C. If the court, after hearing, finds good cause to believe that the defendant has violated the terms of suspension, then the court may revoke the suspension and impose a sentence in accordance with the provisions of § 19.2-306.1. The court may again suspend all or any part of this sentence for a period up to the statutory maximum period for which the defendant might originally have been sentenced to be imprisoned, less any time already served, and may place the defendant upon terms and conditions or probation. The court shall measure the period of any suspension of sentence from the date of the entry of the original sentencing order. However, if a court finds that a defendant has absconded from the jurisdiction of the court, the court may extend the period of probation or suspended sentence for a period not to exceed the length of time that such defendant absconded.

D. If any court has, after hearing, found no cause to impose a sentence that might have been originally imposed, or to revoke a suspended sentence or probation, then any further hearing to impose a sentence or revoke a suspended sentence or probation, based solely on the alleged violation for which the hearing was held, shall be barred.

E. Nothing contained herein shall be construed to deprive any person of his right to appeal in the manner provided by law to the circuit court having criminal jurisdiction from a judgment or order revoking any suspended sentence. (Code 1950, § 53-275; 1958, c. 468; 1970, c. 275; 1975, c. 495; 1978, c. 687; 2002, c. 628; 2016, c. 718; 2021, Sp. Sess. I, c. 538; 2022, cc. 569, 570.)

**§ 19.2-306.1. Limitation on sentence upon revocation of suspension of sentence; exceptions.**

A. For the purposes of this section, "technical violation" means a violation based on the probationer's failure to (i) report any arrest, including traffic tickets, within three days to the probation officer; (ii) maintain regular employment or notify the probation officer of any changes in employment; (iii) report within three days of release from incarceration; (iv) permit the probation officer to visit his home and place of employment; (v) follow the instructions of the probation officer, be truthful and cooperative, and report as instructed; (vi) refrain from the use of alcoholic beverages to the extent that it disrupts or interferes with his employment or orderly conduct; (vii) refrain from the use, possession, or distribution of controlled substances or related paraphernalia; (viii) refrain from the use, ownership, possession, or transportation of a firearm; (ix) gain permission to change his residence or remain in the Commonwealth or other designated area without permission of the probation officer; or (x) maintain contact with the probation officer whereby his whereabouts are no longer known to the probation officer. Multiple technical violations arising from a single course of conduct or a single incident or considered at the same revocation hearing shall not be considered separate technical violations for the purposes of sentencing pursuant to this section.

B. If the court finds the basis of a violation of the terms and conditions of a suspended sentence or probation is that the defendant was convicted of a criminal offense that was committed after the date of the suspension, or has violated another condition other than (i) a technical violation or (ii) a good conduct violation that did not result in a criminal conviction, then the court may revoke the suspension and impose or resuspend any or all of that period previously suspended.

C. The court shall not impose a sentence of a term of active incarceration upon a first technical violation of the terms and conditions of a suspended sentence or probation, and there shall be a presumption against imposing a sentence of a term of active incarceration for any second technical violation of the terms and conditions of a suspended sentence or probation. However, if the court finds, by a preponderance of the evidence, that the defendant committed a second technical violation and he cannot be safely diverted from active incarceration through less restrictive means, the court may impose not more than 14 days of active incarceration for a second technical violation. The court may impose whatever sentence might have been originally imposed for a third or subsequent technical violation. For the purposes of this subsection, a first technical violation based on clause (viii) or (x) of subsection A shall be considered a second technical violation, and any subsequent technical violation also based on clause (viii) or (x) of subsection A shall be considered a third or subsequent technical violation.

D. The limitations on sentencing in this section shall not apply to the extent that an additional term of incarceration is necessary to allow a defendant to be evaluated for or to participate in a court-ordered drug, alcohol, or mental health treatment program. In such case, the court shall order the shortest term of incarceration possible to achieve the required evaluation or participation. (2021, Sp. Sess. I, c. 538.)

## 4 Steps for Completing Probation Violation Guidelines

1. Is there a **new conviction\*** in any court for a felony, misdemeanor, or lesser offense during the current supervision period? If for a felony, complete the New Law F worksheet. If for a misdemeanor or lesser offense, complete the New Law M worksheet. The judge may determine that a first offender finding (§§ 18.2-251 or 18.2-258.1) or any deferred finding (§§ 19.2-298.02 or 19.2-303.6) satisfies the requirements for a new law violation. If so, complete the appropriate New Law worksheet.
2. Is a new conviction for a felony, misdemeanor or lesser offense, or technical violation during a previous supervision period (prior to the current supervision period) cited as the reason for the current violation? If so, complete the Sentencing Revocation Report and mark “**Procedural**.” Do not check State Supervised Probation for Felony. There will be no guidelines recommendation.
3. Is this a **Good Behavior, CCAP, Local Probation, Procedural, or Post Release Supervision** violation only? If so, complete the Sentencing Revocation Report and the appropriate type of violation. There will be no guidelines recommendation.
4. Otherwise, complete the No New Law worksheet. The No New Law worksheet is completed for all technical violations, and special conditions violations that occurred during the current supervision period. Technical violations are defined in § 19.2-306.1 (A, i-x) and often mirror the State Conditions of Probation (2-11).

\* The offender has been convicted or plead guilty prior to the sentencing for the new felony probation violation. The date of the new offense must be during the current supervision period.

## 4 Steps to Apply the Limitations of § 19.2-306.1

According to *Diaz-Urruita v. Commonwealth*, “a sentencing court must engage in a four-step process to classify the basis of the revocation proceeding before determining what sentence it may impose.”

1. The “court must determine whether ‘the violation conduct matches the conduct [specifically] listed in Code § 19.2-306.1(A),’ (Delaune, 76 Va. App. at 383.) If so, then the defendant has committed a technical violation and the sentencing limitations found in Code § 19.2-306.1(A) apply, regardless of whether the sentencing court included that conduct as “another condition” of the defendant’s suspended sentence.” The statutory requirement and the guidelines recommendation will be zero time for the first violation and no more than 14 days for a second violation. There are no statutory limits for a third or subsequent technical probation violation.

If the defendant is found in violation of § 19.2-306.1 (viii) failure to refrain from the use, ownership, possession, or transportation of a firearm; or (x) failure to maintain contact with the probation officer whereby the defendant’s whereabouts are no longer known to the probation officer (similar to State Conditions of Probation 9, firearms, and 11, absconding), the statutory requirement and the guidelines recommendation will be no more than 14 days for the first violation. For a second violation related to conduct defined by § 19.2-306.1, viii or x (firearms or absconding), the No New Law Worksheet must be completed, and the instrument will return a historically based recommendation. There are no statutory limits for a second or subsequent violation of this type of conduct.

2. “If the violation conduct does not match the conduct listed in Code § 19.2-306.1(A), the court must then determine whether ‘another condition,’ other than the generic good behavior condition of the defendant’s suspended sentence covers the conduct. If so, then the court’s sentencing authority is not restricted by Code § 19.2-306.1.”
3. “If the defendant’s sentencing order contained no other condition matching the violation conduct, then the court must determine whether the conduct resulted in a new criminal conviction. If so, then the court’s sentencing authority is not restricted by Code § 19.2-306.1.”
4. “Finally, if none of the above apply, then the court must determine whether the defendant has engaged in substantial misconduct amounting to a good conduct violation.” (In *Diaz-Urruita v. Commonwealth* the Court of Appeals did not decide what sanction is required, if any, for a good conduct violation.)

## **Administrative Procedures**

### **1.0 Completion Responsibility**

According to § 19.2-306.2, Probation Violation Guidelines must be completed by a State Probation Officer. The Sentencing Revocation Report will not result in a sentence recommendation and may be prepared by the attorney for the Commonwealth, State Probation Officer, or Local Probation Officer.

### **1.1 Required Forms, Worksheets and Documents for Violations of Circuit Court Felony Sentences**

The Sentencing Revocation Report (**SRR**) is prepared for every capias, show cause, or revocation request submitted to the court for an offender who has violated the conditions of a suspended sentence for a felony offense. This includes violations of probation, good behavior terms, community-based programs, and other forms of suspended sentences.

Probation Violation Guidelines Worksheets are attached to the Sentencing Revocation Report (cover page) for supervised probation violations initiated by the Department of Corrections' Probation and Parole officers.

An updated record check is required to be completed before the hearing for the violation(s). The judge must be informed of any convictions that occurred while the defendant was on supervised probation. This may be attached in writing or presented orally to the court.

Defense counsel must receive copies of the SRR and Probation Violation Guidelines. The provisions of § 19.2-298.01(D) dictate when the Guidelines are distributed to defense counsel. The statute requires the same distribution time frame as required for Pre-Sentence Investigation Reports (5 days before the hearing). However, Guidelines can only be distributed as required if the preparer is notified about the violation hearing by the court in a timely manner.

### **1.2 Required Forms, Decision on New Law Conviction Scheduled for the Same Day as the Violation**

If a hearing for a new offense charge is scheduled on the same day as a revocation hearing for other violations (Technical, Special, Good Conduct or Condition 1), preparers should have alternative Guidelines prepared to include both scenarios on whether the offender is convicted of new offenses that day. When the new conviction is for a felony, guidelines for the new felony conviction and guidelines for the probation violation must be submitted to the court. *Note that unless any new conviction is reached, the appropriate Guidelines for official use would be the ones which do not include a Condition 1, new conviction violation.*

### 1.3 Required Forms, After a Deferred Finding, Taken Under Advisement, or Continue Decision

Updated Sentencing Guidelines are required if a defendant is returned to court after a deferred finding, a conviction or sentencing that is taken under advisement or continued. Complete the Sentencing Guidelines for the underlying offense(s), not the Probation Violation Guidelines.

### 1.4 Required Forms, After a Deferred Finding, Taken Under Advisement, or Continue Decision for a Felony Probation Violation

If the judge finds the defendant in violation of the conditions of probation before continuing the case, takes the case under advisement, or defers the violation decision or sentencing, the judge's decision ends the defendant's current supervision period. A new supervision period begins for Guidelines purposes.

If the judge finds the defendant not in violation of probation before continuing the case, the judge's decision not to revoke ends the defendant's current supervision period. A new supervision period begins for Guidelines purposes. If the judge finds the defendant not in violation, the defendant has no prior revocations for Guidelines. This Commission policy on current supervision period has no impact on the application of § 19.2-306.1.

At a subsequent hearing, if the court continues to address conduct that occurred during the previous period of supervision, "procedural" is marked and there will be no guidelines recommendation. If the court addresses new conduct that occurred after finding the defendant in violation and deferring, etc., the sentence or decision, new Probation Violation Guidelines must be completed.

Regardless of the court action after finding the defendant in violation of probation, a new probation supervision period begins on that date.

### 1.5 Two Official Preparers

As with Felony Sentencing Guidelines, there are two official preparers: the attorney for the Commonwealth and probation officers (state or local).

If the attorney for the **Commonwealth** initiates the capias or revocation request for a felony violation, without the probation officer providing a Major Violation Report and supervision details, only the Sentencing Revocation Report (SRR) is completed. For Guidelines purposes, this would be identified on the Sentencing Revocation Report as a good behavior violation. Either the probation officer or the attorney for the Commonwealth may complete the SRR.

If the **probation officer** completes a Major Violation Report and initiates a PB-15 or capias request for a felony violation, both the SRR (cover page) and the appropriate worksheet will be completed by the probation officer within 30 days prior to the revocation hearing.

**Local probation** officers may only complete the SRR. Guidelines are not completed for violations for which the defendant was being supervised by local probation. In these cases, only the SRR is submitted to the court.

Any preparer may complete the SRR for a felony **good behavior violation** (a suspended sentence without a supervised probation condition).

## 2.0 Procedural Rules

Probation Violation Guidelines will recommend a total effective sentence to serve. If there are multiple state felony probation obligations to the court, the court order must detail the specific sentence for each obligation. The limits of § 19.2-306.1 may apply to some, but not all, of the obligations in the event. The Guidelines will not determine if the statutory limits apply to any of the obligations in the event.

### 2.1 One Guidelines Per Probation Violation Event

One Sentencing Revocation Report (SRR) is prepared for each good behavior or probation violation sentencing/hearing event. Both the SRR and one Probation Violation Guidelines worksheet are completed for each felony probation violation event. An event consists of all probation or suspended sentence violations before the same judge in the same court at the same time. One event may cover multiple violations for an offender in the current court. Do not complete multiple SRRs or Probation Violation Guidelines worksheets if all the cases are before the same judge on the same day and time. Do not complete multiple SRRs or Probation Violation Guidelines worksheets if the court issues multiple court orders for all the cases before the same judge on the same day and time.

### 2.2 Guidelines Completed More Than 30 Days in Advance, Must Be Updated

The SRR and, when required, Probation Violation Guidelines worksheets may be prepared and submitted to the court more than 30 days in advance of the hearing, but only as drafts.

Guidelines must be updated, finalized, and placed on the docket through *SWIFT* no more than thirty (30) days prior to the violation hearing. **Any forms prepared in advance must be updated and completed within the established time frames before being finalized in *SWIFT* and submitted to the court.** Finalizing Guidelines in advance will not only be inaccurate, but will also cause undue burden on the court and its staff.

Draft Probation Violation Guidelines, paper or PDF copies, may be attached to the Major Violation Report. The Commission recommends the number and type of prior technical violations be included in the Major Violation Report. Several probation districts have adopted a cover sheet that provides the judge with all the information on technical violations needed to implement statutory requirements for technical probation violations (Appendix 7 is an example of the form used). The Sentencing Revocation Report also provides the judge with the number and types of prior violations for the underlying offense(s). This information is needed to determine the application of § 19.2-306.1.

If a hearing for a new offense charge is scheduled on the same day as a revocation hearing for other violations (Technical, Special, Good Conduct, or Condition 1), preparers should have alternative Guidelines prepared to include both scenarios on whether the offender is convicted of new offenses that day. Guidelines for both the new felony law conviction and the probation violation must be presented to the court before sentencing. Note that unless a new conviction is reached during this hearing, the appropriate Guidelines for official use would be the ones which do **not** include the new conviction cited as a violation of Condition 1.

## **2.3 Distribution of Guidelines**

Attorneys for the Commonwealth and defense counsel must receive copies of the SRR and Probation Violation Guidelines. The provisions of § 19.2-298.01(D) dictate when the Guidelines are distributed. The statute requires the same distribution time frame as required for Pre-Sentence Investigation Reports (5 days before the hearing). However, Guidelines can only be distributed as required if the preparer is notified about the violation hearing by the court in a timely manner.

The courts and judges shall receive the Guidelines before the revocation hearing.

## **2.4 Preparation Errors**

If a scoring error is detected prior to sentencing, the Commission requests that the error be corrected, and new Guidelines be prepared and circulated to all parties prior to the sentencing event. *SWIFT* will allow for Guidelines to be corrected and, until advised otherwise, preparers will need to provide a paper copy or send a PDF copy by email.

## **2.5 Changes at Sentencing**

If a preparation error is detected at sentencing or additional conditions are cited, the Commission requests that the worksheet be rescored in order to incorporate the changes. If a worksheet is rescored, the final worksheet presented to the judge for consideration is the version to be submitted to the Commission. The ultimate responsibility for ensuring that the worksheets are accurate rests with the judge. *SWIFT* will allow for Guidelines to be corrected and resubmitted to the court.

In the case of pending charges before the same court and judge, preparers must anticipate possible outcomes and prepare for each outcome. If a hearing for a new offense charge is scheduled on the same day as a revocation hearing for other violations (Technical, Special, or Condition 1), preparers should have alternative Guidelines prepared to include both scenarios on whether the offender is convicted of new offenses that day. Note that unless a new conviction is reached during this hearing, the appropriate Guidelines for official use would be the ones which do not include the new conviction cited as a violation of Condition 1.

## **2.6 Guidelines Recommendation Exceeds the Revocable Time**

If it is determined that the Guidelines Recommendation exceeds the revocable or suspended time, the recommendation is adjusted to the proper amount of time. Manually change any part of the Probation Violation Guidelines recommendation above the amount of revocable time to the suspended time that the court may impose for a felony probation violation.

## **2.7 Conduct Cited After Release from Probation or Before the Start of a New Current Supervision Period**

Probation Violation Guidelines only apply to violations that occur and are addressed during the current supervision period.

If the alleged violation occurred before the start of a new supervision period and was not addressed in a previous revocation event, the Guidelines do not apply. Complete the SRR and mark **procedural** for the type of revocation.

If there is an alleged violation that is not addressed before the defendant is released from supervised probation, but the violation is reported to the court within one year after the expiration of the period of probation (§ 19.2-306), the Guidelines do not apply. Complete the Sentencing Revocation Report (SRR) and mark **procedural** for the type of revocation on the SRR.

## **2.8 Judicial Disagreement with Worksheet Scoring Rules**

Guidelines worksheets must be scored according to the rules contained in this manual. It is not appropriate to adjust the Guidelines scores to reflect judicial discretion. If a judge disagrees with the recommendation because of the inclusion of, or the weights assigned to, a factor on a particular worksheet, the Commission suggests that the judge depart from the recommended sentence and state the reason(s) for departure on the reverse side of the SRR. The explanation should identify the specific factor and the reason the factor is being questioned. This process will allow the Commission to adjust the Guidelines to better reflect the decisions and philosophy of the judiciary. This information is very crucial during the implementation of the Probation Violation Guidelines and the application of § 19.2-306.1 and developing case law.

## **2.9 Recording the Departure Reasons**

When the court imposes a sentence greater than or less than the Guidelines recommendation, the judge is required by § 19.2-306.2 to provide a written departure explanation with the record of the case. Space is provided on the back of the SRR for entering reasons for departure. Reasons for departure should be specific. Specific departure reasons provide useful feedback to the Commission and will alert the Commission to concerns of the judiciary. Departure reasons will allow the Commission to refine the Guidelines to better reflect judicial sentencing patterns.

## 2.10 Mailing Responsibility (§ 19.2-306.2)

***SWIFT*!(Sentencing Worksheets and Interactive File Transfer):** When a court is fully automated and using the *SWIFT* application, worksheets and court orders will be transferred electronically. *SWIFT* is available statewide. Your court will notify Guidelines users when paper forms are no longer required and the submittal of forms to the judge, the clerk, and the Commission is fully automated. Until advised otherwise, continue with the paper submission process.

**PAPER:** For any court that does not use *SWIFT* to process Guidelines, the Circuit Court Clerk is to forward the completed SRR and a copy of the court order to the Virginia Criminal Sentencing Commission within 30 days following the entry of the final order of conviction and sentence. When the Probation Violation Guidelines are completed, the Guidelines forms must be attached to the completed SRR.

### Submitting Forms to the Virginia Criminal Sentencing Commission

**Mailing address:** 100 North Ninth Street, 5th Floor  
Richmond, VA 23219.

**Email address:** Courts are encouraged to use *SWIFT* to submit Guidelines to the Commission. Contact the Commission for further details on submitting forms by email. General questions may be emailed to [SWIFT@vcsc.virginia.gov](mailto:SWIFT@vcsc.virginia.gov) or by calling 804.225.4398.

### 3.0 General Rules

There will be a Guidelines recommendation in every felony violation of State Supervised Probation offense. If the conduct occurred during a previous supervision period, there will be no recommendation; only the Sentencing Revocation Report is completed. The No New Law worksheet is completed for all technical violations, special conditions violations, and good conduct violations. Technical violations are defined in § 19.2-306.1 (A, i-x) and often mirror the State Conditions of Probation (2-11). If there is a new conviction during the current supervision period, either the New Law Felony worksheet or New Law Misdemeanor worksheet must be completed. The judge will decide if the limits of § 19.2-306.1 apply to each case; if so, the court must impose a sentence within the limits of the statute (i.e., no time or 0-14 days).

### 3.1 Probation Violations Not Scored as an Additional Offense

Probation violations are not to be scored as additional offenses on the felony Sentencing Guidelines for new offenses. The judge must receive Guidelines for the new felony offense(s), if covered by the Sentencing Guidelines, and a copy of the Sentencing Revocation Report (SRR) and the appropriate Probation Violation Guidelines worksheet. Sentencing for new law violations and probation violations may occur on the same day in the same court. If so, the following two Guidelines forms are submitted to the court:

1. Sentencing Guidelines for the new felony conviction and
2. SRR to identify the reasons for the Probation, Good Behavior, Good Conduct, or Suspended Sentence violation and, if applicable, Probation Violation Guidelines based on a technical violation, special condition violation, good conduct violation, new misdemeanor law violation, or new felony law violation (unless the Commonwealth's attorney is proceeding with a good behavior violation, then only the SRR is completed).

### 3.2 Probation Violation Guidelines Apply to Violations of State Supervised Felony Probation

Felony Probation Violation Guidelines apply to new law violations (Condition 1), technical violations (Conditions 2-11), special condition violations, good conduct violations, and conduct not defined as technical under § 19.2-306.1. The guidelines do not apply to misdemeanor probation violations, local probation violations, or good behavior/suspended sentence violations. When the Probation Violation Guidelines do not apply, only the Sentencing Revocation Report (SRR) is completed for the court.

Condition 1 (Fail to obey all Federal, State and local laws and ordinances) is cited when there is a new **conviction** during the Current Supervision Period that violates the conditions of the suspended sentence/probation. In some jurisdictions, the court may determine that a deferred finding satisfies the requirements for a new law conviction (a Condition 1 violation), and Probation Violation Guidelines based on the new law violation(s) apply instead of the Probation Violation Guidelines for technical violations (the No New Law Worksheet).

### 3.3 Technical Violations

Technical violations are defined by § 19.2-306.1 of the *Code of Virginia*. In most cases, but not all, the statutory definition includes all the state supervised probation conditions other than Condition 1 (e.g., Conditions 2-11). Conduct that is not specifically defined by statute may include special conditions set by the court, certain sex offender restrictions, specific conditions for gang members, restitution, etc. The definition of technical conditions is evolving. Opinions issued by the Virginia Supreme Court and the Court of Appeals will determine the precise definition of technical violations. Under the statute, multiple technical violations arising from a single course of conduct or considered at the same revocation hearing are not considered separate technical violations for the purposes of sentencing or Guidelines.

The conditions identified in the Major Violation Report and cited on the SRR determine if and what factors are scored on the Probation Violation Guidelines worksheets. Failure to include the violation details in the Major Violation Report or other report to court would require that the factor not be scored on the worksheet.

A copy of the Conditions of Probation used by the Department of the Corrections can be found in Appendix 1-A.

### **3.4 Probation Violation Guidelines Do Not Apply Under the Following Circumstances:**

- A. The probationer is on local probation for felonies or misdemeanor offenses (for a felony, submit the Sentencing Revocation Report (SRR)).
- B. The probationer was placed on probation for a misdemeanor by the Circuit Court (if required by the court, submit only the SRR).
- C. The probationer is revoked for something other than state probation (i.e., good behavior, suspended sentence) (for a felony submit the SRR).
- D. The probationer is removed from CCAP (Community Corrections Alternative Programs) for cause, disciplinary reasons, or for administrative or medical reasons. Only the SRR is required.
- E. The probationer, having never been found guilty of the underlying offense, is in violation of §§ 18.2-251 or 18.258.1, (**first offender** status) or §§ 19.2-303.6 or 19.2-298.02 or any other **deferred finding**/sentence. For first offender violation cases or any deferred cases before a finding of guilt, please prepare the proper Sentencing Guidelines worksheet for the underlying offense.
- F. The probationer is being resentenced because of failure to qualify for an alternative (i.e., CCAP, substance abuse program, etc., because of health issues or record). The court must communicate the new sentence to the Commission and a departure reason if not in concurrence with the original Sentencing Guidelines recommendation. (Note: updated Probation Violation Guidelines are required if the defendant is being resentenced for a violation because of failure to qualify for an alternative).

## **4.0 Decision of the Court**

The judge must determine if the sentence for the probation violation is limited by § 19.2-306.1 or by an opinion by the Supreme Court of Virginia or the Court of Appeals.

### **4.1 Disposition**

The sentencing judge or his designee is responsible for completing the back page of the Sentencing Revocation Report (SRR). The back page of the SRR specifies the actual conditions violated, the decision of the court, and the sentence or other sanction imposed if the offender is found in violation. The back page of the SRR is completed even if the decision is to take the case under advisement or defer any action for a specific amount of time.

### **4.2 Preparation Errors**

If a preparation error is detected at sentencing, the Commission requests that the form be revised to incorporate the changes. The ultimate responsibility for ensuring that the form is completed accurately rests with the judge.

## Completing the Sentencing Revocation Report (Cover Page)

### SRR - 1 - OFFENDER

1. Enter the offender's first, middle, and last name, and suffix.
2. Fill in the offender's date of birth. If unknown or if the judge is electronically signing the Guidelines, leave blank.
3. Fill in the offender's social security number. If unknown, leave blank.
4. Fill in the offender's Central Criminal Records Exchange (CCRE) number. If no Virginia number has been assigned, leave blank.
5. Enter the CORIS Offender ID generated by DOC. Leave blank if unknown.

### SRR - 2 – COURT

1. Enter the circuit number of the sentencing court. *SWIFT* will populate this field.
2. Enter the name of the city or county that the court serves. *SWIFT* will populate this field.
3. Enter a docket number that identifies the current probation violation sentencing event. If there are multiple numbers, enter the docket number for the most serious offense identified in step 6. If prepared using *SWIFT* and the court has a standard numbering system to assign docket numbers, *SWIFT* will capture the related docket number for the revocation event.
4. Enter the FIPS Code that corresponds to the city or county where the sentencing court is located. For a FIPS code listing, refer to Appendix 5 of the Sentencing Guidelines Manual. *SWIFT* will populate this field.
5. Enter the names of the judge and preparer. Identify if the SRR was completed by the attorney for the Commonwealth or the Probation Officer.
6. *SWIFT* will prompt you for the most serious original felony offense. Depending on how the court assigns docket numbers or case ID numbers for probation violations, *SWIFT* will provide a list of original felony offenses and sentencing dates. If the most serious offense is not in the list, please manually enter the information. The preparer must select the most serious offense based on the rules below. *SWIFT* will not select the most serious offense.

Most Serious Original Felony Offense Information		
Primary Offense	VCC	Original Sentencing Date
<input type="text"/>	<input type="text"/> - <input type="text"/> - <input type="text"/>	<input type="text"/> <input type="text"/> <input type="text"/> mm/dd/yy

The primary offense is the most serious original offense in the entire Current Probation Violation Event. The most serious original offense is determined by the statutory maximum. The offense with the highest statutory maximum is the primary offense. If the statutory maximums tie, then select the primary offense

based on the hierarchy (Person, Property, Other Crimes, Drug Crimes or Highest Guidelines Recommendation. (See Appendix 3 for the type of offense):

### **SRR - 3 – PRIOR REVOCATIONS FOR THE 10 MOST SERIOUS UNDERLYING OFFENSES**

To implement the limitations of § 19.2-306.1, the court must be advised of the previous revocation events for all of the underlying offenses in this court only. This includes all prior revocations for any of the current offenses that are being brought to court for this violation. Enter the sentencing dates for the prior violations. *SWIFT* provides space for up to ten prior revocation events in this court associated with the current violation. Identify the Department of Corrections Conditions of Probation that were violated by using the numbers below to identify the conditions. If there were special conditions (unnumbered conduct) that were cited, enter the number 12 and a brief description of the special conditions in the space provided. The Department of Corrections State Probation Conditions are:

1. Fail to obey all Federal, State, and local laws.
2. Fail to report any arrests within 3 days to PO.
3. Fail to maintain employment or to report changes.
4. Fail to report as instructed.
5. Fail to allow probation officer to visit home or job.
6. Fail to follow instructions, be truthful, and cooperative.
7. Use alcoholic beverages.
8. Use, possess, distribute controlled substances or paraphernalia.
9. Use, own, possess, transport or carry firearm.
10. Change residence or leave Virginia without permission.
11. Abscond from supervision.
12. Fail to follow special conditions (specify).

### **SRR - 4 – TYPE OF REVOCATION**

- A. Complete SRR and Guidelines:** Complete the Sentencing Revocation Report (SRR) cover page and Guidelines Worksheets for State Supervised Probation Violations associated with felony offenses.
- B. Complete SRR only, Guidelines do not apply:** A Guidelines recommendation will not be calculated for local probation, misdemeanor probation, good behavior, suspended sentence, or post release violations.

A Guidelines recommendation will not be calculated if removal from CCAP for cause or administratively for health or other reasons is part of the current violation.

Procedural is marked when the alleged violation (technical, new law, or special condition) occurred during a previous supervision period for the same underlying offenses but was not addressed before the defendant is found in violation and continued on probation for a different reason, or released. The guidelines do not apply. Complete the SRR and mark procedural for the type of revocation, and do not check State Supervised Probation for a felony. If any violation in the event is procedural, the entire revocation is procedural.

Guidelines do not apply if adult probation is supervising a juvenile case on appeal from Juvenile and Domestic Relations Court. If the defendant was not certified as an adult, mark the procedural box.

**NOTE:** Neither the SRR cover page nor Probation Violation Guidelines are completed for first offender cases (§18.2-251 or §18.2-258.1), any deferred finding cases (§§ 19.2-298.02, 19.2-303.6), and post-release or parole violations. ***If the defendant is found in violation of the conditions of the deferral, the felony Sentencing Guidelines for that offense must be completed.***

### **C. DOC Conditions Violated as Cited by Probation and Parole – Worksheet to be Completed**

Mark all boxes that apply for the current alleged violations: technical violation (Conditions 2-11), technical violations of 9 or 11, a violation of special conditions, or a violation based on a new law conviction (felony or misdemeanor). Use the Department of Corrections (DOC) conditions as cited in the Major Violation Report. If the conduct is not defined in § 19.2-306.1 as technical, follow DOC policy on how to identify the violation for the court.

**Technical Violation 2-11:** If Conditions 2-11 are currently cited in the Major Violation Report or Amendments, mark the appropriate boxes for all of the probation obligations in the event. There may be cases when the Current Probation Violation Event includes probation obligations that have previously been revoked. In other words, it may be appropriate to mark first, second, and third or subsequent state probation violation. *(For example, the defendant may be on probation in the same court for three separate periods of supervision: a 2022 period of supervision that was previously revoked twice (once in 2023 and 2024), a 2023 period of supervision that was previously revoked in 2024, and the current 2025 period of supervision that is being revoked for the first time. In this example, all the boxes would be marked).*

If a prior revocation includes new laws (Condition 1) and/or special conditions along with technical violations, it is also considered a prior technical violation. A prior technical violation event does not include an event with only a new law conviction (Condition 1) or only a special condition violation.

**Technical Violation 9 or 11:** In addition to identifying the number of Technical Violations of 2-11 above, specifically mark the appropriate boxes if Conditions 9 or 11 are currently cited in the Major Violation Report or Amendments. This information is needed to provide the court with the information to apply the limits of § 19.2-306.1. Mark second or subsequent state probation violation if the defendant previously violated Conditions 9 or 11 during the supervision period for underlying offenses in the Current Probation Violation Event. Also mark the appropriate boxes for a violation of conditions 2 -11. *(For example, if the defendant has a prior violation for absconding (Condition 11) and the current violation is for technical including absconding, mark the current violation as the second violation of Conditions 2-11 and as the second violation for violation of Conditions 9 or 11).*

**Special Condition:** The special condition box is marked if the defendant is in violation of any condition, other than a new law violation, and not identified as technical in § 19.2-306.1. Included as special conditions are requirements imposed by the court, authorized by the court, or detailed in the Major Violation Report by the Probation Officer. Some of the common special conditions that may be cited are special sex offender conditions, conditions specific to gang members, or financial obligations; this is not an exhaustive list. The judge must decide if the special conditions cited are or are not specifically identified in § 19.2-306.1 as technical.

**New Law Violation:** If **Condition 1** is also cited as one of the reasons for the violation, mark new law violation and identify if the new law violation(s) is for a new felony and/or misdemeanor conviction. A conviction for a new offense is required for Guidelines. A conviction for a probation violation, good behavior violation, or suspended sentence violation is not classified as a Condition 1 (new law) violation for this Guidelines factor. The judge may decide that placement on **first offender** (§§ 18.2-251 or 18.2-258.1), any **deferred** finding (§§ 19.2-298.02 or 19.2-303.6), or finding taken under advisement satisfies the legal requirement for a current violation of **Condition 1** (new law violation).

NOTE: SWIFT will determine the worksheet to complete based on the conditions cited. If not using SWIFT, use the following hierarchy:

1. New Law Felony Worksheet
2. New Law Misdemeanor Worksheet
3. No New Law Worksheet

## **SRR - 5 – DOC CONDITIONS CITED IN VIOLATION BY PROBATION/PAROLE OFFICER**

Check the appropriate boxes indicating the conditions of state probation that were allegedly violated by the defendant. The conditions violated must be the same that are named in the capias, warrant, revocation request, or Major Violation Report and related amendments. If, at the hearing, the court finds the defendant in violation of other conditions, the judge can record the conditions violated on the SRR disposition page.

If special conditions (other than sex offender and validated gang member conditions) of the court or the Department of Corrections are violated, use the drop-down list of the most common conditions violated or enter a brief title or description of the most serious special condition violated; please see list on page 33. The judge must decide if the special conditions cited are or are not specifically identified in § 19.2-306.1 as technical.

If sex offender conditions are violated, enter the letter or number associated with the most serious sex offender condition violated. Sex offender conditions and their associated letters or numbers are included in Appendix 1-B.

If validated gang member conditions are violated, enter the letter or number associated with the most serious gang offender condition violated. Serious gang offender conditions and their associated letters or numbers are included in Appendix 1-C.

## **B. Date Arrested for this Violation or Show Cause is Issued/Served**

Enter the date the defendant was arrested for the current probation violation, good behavior violation, or other type of suspended sentence violation. This will be the most recent date the defendant was arrested on a capias or PB-15 for the current offense(s).

If a **show cause** is issued and the probationer is not arrested, enter the date the show cause was served/entered or approved by the court.

The date entered is the arrest date or date the show cause was served for the current violation in this court only. Do not enter an arrest date for probation violations in other jurisdictions during the Current Supervision Period. The probationer may have been held in another jurisdiction or for another offense in the same jurisdiction. Do not use the date for unrelated offenses or violations.

Enter the arrest date even if the defendant is arrested and released.

## **C. Pretrial Confinement for this Violation**

Pretrial confinement lengths are provided to the court for informational purposes only. There is no suggestion that the dates provided will be used to determine time served or used to calculate release dates. The dates are provided to inform the court of the defendant's location after arrest and before sentencing for the current probation violation.

Mark **No** if the defendant was not incarcerated at any time after the arrest and prior to the sentencing for the current probation violation. Do not enter any dates.

Mark **Confined Since Arrest for Violation** if the defendant was incarcerated in a jail, prison or secured juvenile facility and never released between the arrest for the violation and the sentencing for the violation. Do not enter any dates.

*Note: The date of arrest for this court's violation (i.e., the arrest date on a PB-15 or capias issued by the current sentencing court) will be recorded under Date Arrested for this Violation or Show Cause is Issued/Served factor described above.*

Mark **Both Incarcerated and at Liberty Pretrial** if the defendant was incarcerated pretrial but then released on bond, etc., or was at liberty for any amount of time between the date of arrest for the violation and the revocation hearing. If this box is checked, enter the specific **Dates Confined**. Enter the start and end dates for up to two periods of confinement. Enter the dates the defendant was incarcerated in jail, prison, or a secured juvenile facility up to and including the date of revocation or the date released from incarceration. If there are more than two periods of pretrial incarceration, enter the two longest periods of pretrial confinement.

If the defendant is still confined at the time the Sentencing Revocation Report (SRR) is completed, enter the end date as the date of the scheduled violation hearing.

These dates cannot precede the date of arrest nor exceed the date of revocation.

Pretrial confinement ordered by the presiding judge in a mental health facility or other treatment facility is considered jail incarceration for this form.

No dates are entered for defendants arrested and released on the same day (mark No) or incarcerated and never released prior to the violation hearing (mark Confined Since Arrest).

#### **D. Pretrial Status Release**

If the defendant was released after being arrested for the Current Probation Violation Event for this court, identify the type(s) of pretrial release.

**Bond:** Frequently, after an arrest the defendant does not remain in custody until the court date – instead, the defendant satisfies the conditions of bail for release. This amount of bond is a guarantee that the offender will appear before the court for trial. There are two types of bail bonds – secured bond and unsecured bond. The type of bond may be identified on the DC 330 - Recognizance Form issued by a magistrate.

**Secured Bond** is the release of the defendant after either the defendant pays the amount of the bond, or a surety posts a written promise to pay a specific sum. This can include a deposit of cash or a solvent surety (such as a bail bondsman, family member, or friend) who agrees to accept the obligation for the bond amount. The type of bond may be identified on the DC 330 - Recognizance Form issued by a magistrate.

**Unsecured Bond** is the release of the defendant after the defendant makes a written promise to pay a specified monetary amount, without actually paying such specific sum; however, if the defendant fails to appear before the court, the defendant may be liable for the monetary amount of the bond. The type of bond may be identified on the DC 330 - Recognizance Form issued by a magistrate.

**Own Recognizance:** When a defendant is arrested and granted release on their “own recognizance,” the defendant is released after making a written promise to appear before the court and abide by any terms of release. No monetary terms are specified. The type of bond may be identified on the DC 330 - Recognizance Form issued by a magistrate.

**Third Party Release:** This is where someone other than the defendant signs for the defendant, and usually pays bail (or a portion thereof) for the defendant. Also, a third-party release includes a defendant’s release from jail into the care of a non-jail party. In general, when this occurs, the third party is responsible for monitoring the defendant and ensuring the defendant’s appearance in court and reporting any violations of the release agreement. The type of bond may be identified on the DC 330 - Recognizance Form.

**N/A:** Information on pretrial release is not available or not applicable.

## SRR - 7. RECOMMENDATION RANGE

*SWIFT*, the official Guidelines application, will populate the historical recommendation based on the total score on the No New Law, New Law M (Misdemeanor), or New Law F (Felony) worksheet. The judge must decide if the limits of § 19.2-306.1 are applicable in each case. If the judge determines provisions of § 19.2-306.1 apply, the Guidelines recommendation will be the statutory requirement of no time or no more than 14 days. In the event that *SWIFT* is not available, check the appropriate box indicating the Probation Violation Guidelines recommended range. **If the amount of revocable time is less than the guidelines recommended range, the computed recommended range should be manually adjusted to equal the maximum amount of revocable time available.**

The Probation Violation Guidelines will always produce a historically based recommendation. Judges will determine if the statutory requirements supersede the Guidelines recommendation. After the judge's decision, *SWIFT* will adjust the recommendation on the Sentencing Revocation Report to reflect the statutory requirement of no time or 0-14 days.

There will be no recommendation for violations of local probation, good behavior, suspended sentence, CCAP or post release since the Probation Violation Guidelines do not apply in these cases. Only the SRR is required for these types of violations.

**Limits to the amount of active incarceration a court can impose for a technical violation of probation supervision (as specified in § 19.2-306.1):**

<u>Technical Violation</u>	<u>Statutory Cap on Incarceration</u>
1 <sup>st</sup> technical violation.....	No active incarceration
1 <sup>st</sup> technical violation related..... to firearm or absconding	Presumption against incarceration, up to 14 days incarceration
2 <sup>nd</sup> technical violation.....	Presumption against incarceration, up to 14 days incarceration
2 <sup>nd</sup> or subsequent technical violation..... related to firearm or absconding	Up to the amount of revocable time
3 <sup>rd</sup> or subsequent technical violation.....	Up to the amount of revocable time

### SRR - 8. RULING ON APPLICATION OF § 19.2-306.1

The judge must decide if the limits of § 19.2-306.1 are applicable in each case.

If the provisions of § 19.2-306.1 apply, check the box **Statutory Requirement**.

Check **no time imposed** if this is the first violation of the conduct defined as technical in § 19.2-306.1 (similar to State Conditions of Probation 2-8 and 10). The statutory requirement is zero time.

Check **0 to 14 days** if this is the second or subsequent violation of the conduct defined as technical in § 19.2-306.1 (similar to State Conditions of Probation 2-8 and 10). The statutory requirement is a presumption of no time but can be up to 14 days.

If the provisions of § 19.2-306.1 do not apply, check **Statutory Requirement Does Not Apply**. When the Guidelines are completed in *SWIFT*, the recommended range will be provided. However, the court may impose all or a portion of the suspended time.

### SRR- 9. Decision of the Court

**Found in Violation of Conditions as Cited** – The court determines that the defendant violated all conditions cited in the Major Violation Report and amended reports, capias, warrant, or revocation request.

**Found in Violation of Conditions as Modified by the Judge** - The court determines that the defendant either was not in violation of all the conditions cited or that the defendant violated other conditions that were not cited in the Major Violation Report and amended reports, capias, warrant, or revocation request. The court enters the condition number(s) for the alleged conditions that were violated by the defendant.

**Found in Violation of Good Behavior, Suspended Sentence, Felony Local Probation, or Post Release** – Check the box if the court determines that the defendant violated only good behavior, suspended sentence, felony local probation, or post release.

**Taken Under Advisement/Continued** – The court determines that no decision will be made at this point on the alleged violation. If the court takes the decision under advisement or defers the case on the condition that the defendant complete a program or follow instructions and that a subsequent violation would require another request for capias or revocation, submit the SRR (and Guidelines when applicable) to the Commission. If the court takes the decision under advisement or defers the case until appropriate counsel can be selected or appointed, or for other court procedural issues, do not submit the SRR (or Guidelines) until after a decision is made.

**Not in Violation** - The court finds that the defendant did not violate any of the conditions cited in the capias or revocation request. See the "Sentence for Revocation" section to record if the defendant is continued under the same conditions or released from all supervision or restrictions.

## **SRR – 10. Sentence for Revocation (For All Violations in this Event)**

### **10.1 Rehabilitation Potential**

**Court Finds that the Defendant is a Good Candidate for Rehabilitation** - This box is checked if the judge determines that the defendant has good rehabilitation potential. The low end of the Guidelines recommendation is effectively set to time already served or no time, and the high end remains the same.

This is solely the decision of the presiding judge. Attorneys can present their case to the court, but the judge makes the decision. There is no risk assessment instrument that is available to determine good rehabilitation potential.

*Note: This factor is part of the Guidelines because, historically, judges departed from the Guidelines when the judge identified some actions, attitude, or commitment that made the defendant a good candidate to continue on probation, participate in another program without serving any additional time, or be released from supervision.*

### **10.2 Treatment Exception**

**Sentenced to time required to participate in a court ordered program/restitution review** - This box is checked if the limitations to the length of supervision as defined by § 19.2-306.1(D) do not apply. Per § 19.2-306.1(D), limitations to the length of supervision do not apply when the court determines that an additional period of probation is necessary for the defendant to participate in a court ordered program or when subject to a restitution compliance review hearing under § 19.2-305.1.

### **10.3 Revocable Time for this Sentencing Event**

When *SWIFT* is used to complete the Guidelines, the amount of revocable time will be populated based on the amount of time identified by the preparer on the worksheet. The amount of revocable time may be adjusted as needed by the judge.

The time reported must show the total amount of revocable time that this court could impose for this revocation sentencing event. This is the sum of all suspended time for any offense that this court could revoke in the Current Probation Violation Event hearing. This is the amount of revocable time for this court and this probation violation event only.

### **10.4 Revocation Details**

**Amount of Time Imposed (often the same as Revocable Time for Event)** – Enter the years, months, and days imposed for the entire revocation sentencing event. If the sentence imposed includes a life sentence, check the **Life** box. The preference is for the court to identify all the revocable time for the revocation event instead of entering the amount of time imposed for the current violation.

**Amount of Time to Serve for this Violation (total effective sentence)** - Enter the length of active incarceration the defendant is to serve for the violation(s) (i.e., the imposed sentence less any suspended time).

## 10.5 New/Revised Probation/Supervised Period

**Continued on Same Period of Probation** - If the defendant is continued on the same period of supervision, do not enter the number of years, months, or days in the box, but check the box for **Continued on Same Period of Supervision (not extended)**.

**Placed on a Probation Supervision for a New or Extended Period** - If the period of supervised probation has changed, enter the amount of time the defendant will be under supervision from the date of the revocation sentencing. If the supervision period is indefinite, check the "Indeterminate" box.

**Released from Supervised Probation** – If the court releases the defendant from supervision, check **Released from Supervised Probation**.

## 10.5 Conditions

**Good Behavior** – If the court specifies a new period of good behavior, enter the amount of time the defendant will be under good behavior from the date of the revocation sentencing.

**New Conditions of Probation** – If the court imposes new conditions of probation, please specify the type(s) of conditions.

**Continued Under Same Conditions** of Probation – If the court finds the defendant in violation and elects to continue the defendant under the same conditions, check this box.

**Other Sentencing Programs** (*Check all that apply*) – Check the appropriate boxes indicating all other sanctions applicable in the sentencing event. If "Other" or "Community-Based Program" is checked, please specify the type and name of program.

**Day Reporting** - A "day-reporting center" is an intermediate sanction that requires the offender to be supervised by a probation officer and assigned to a "facility to which offenders are required to report on a daily or other regular basis at specified times for a specified length of time to participate in activities such as counseling, treatment, social skill training, or employment training."

**Electronic Monitoring** - Electronic monitoring of some type normally utilized to enforce the requirements of house arrest or the conditions of probation.

**Intensive Probation** - Level of supervision that requires more frequent, extensive contact between the officer and the assigned offender in the office and in the community.

**Substance Abuse Treatment** – This includes any substance/alcohol abuse treatment program. Examples include, but are not limited to, residential substance/alcohol abuse treatment programs, VASAP (Virginia Alcohol Safety Action Program), methadone clinics, intensive outpatient treatment programs, and AA or NA (Alcoholics Anonymous and Narcotics Anonymous).

**§ 18.2-251/§ 18.2-258.1** - First offender is a statutorily-provided program that allows a defendant charged with possession of an illegal drug or prescription fraud for the first time the opportunity to have that charge dismissed. Virginia Code Sections §§ 18.2-251 and 18.2-258.1 require the defendant to successfully complete a number of tasks before the charge is dismissed.

**Recovery Court** - Specialized court docket for certain offenders.

**Community Based Program** – This includes any local services or programs not identified under another category. If this box is checked, enter the type of program or service.

**CCAP** - Department of Corrections Community Corrections Alternative Program.

**Youthful Offender § 19.2-311** - Indeterminate commitment to Department of Corrections.

**DJJ Commitment** - Convicted as an adult but sentenced to commitment with the Department of Juvenile Justice. Mark the box for the type of commitment:

**Indeterminate** – Length of commitment to be determined by DJJ.

**Determinate** – Length of commitment is determined by the court.

**§ 19.2-298.02/ § 19.2-303.6** - Deferred disposition.

**Other** – Enter the name or type of the sentencing program not identified under another category.

### **10.6 Updated Criminal History Provided**

In all cases, (technical, special condition, and new law violations), an updated criminal history must be provided to the court. The updated criminal history, since the last hearing, may be provided orally or in writing.

### **11.0 Reason for Departure from Guidelines**

If the Probation Violation Guidelines apply and the judge sentences above or below the recommendation, the judge is required by § 19.2-306.2 to provide a reason for departing. The judge can also use this space for judicial comments about the case (such as the defendant's potential for rehabilitation).

### **12.0 Date of Revocation Decision**

**Revocation Date** - Enter the month, day, and year of the revocation decision. This is the date the decision is made to continue the defendant on probation, release the defendant from probation, or defer the decision for a period of time. If the decision or sentence is deferred for an evaluation to a specific program, enter the date the decision is made to sentence the defendant to the specific program or not.

### WS - 1 Base Guidelines on the Current Most Serious Primary Offense

The primary offense is the most serious underlying offense in the entire Current Probation Violation Event. The most serious underlying offense is determined by the statutory maximum. The offense with the highest statutory maximum is the primary offense. If the statutory maximums tie, then select the primary offense based on this hierarchy (see Appendix 3 for the type of offense):

- 1- Statutory Maximums
- 2- Person Crimes
- 3- Property Crimes
- 4- Other Crimes (e.g., Weapons, Traffic, Fail to Appear)
- 5- Drug Crimes
- 6- Results in the Highest Guidelines Recommendation

**Statutory Changes to the Primary Offense:** Enter the Virginia Crime Code (VCC) for the primary offense. The original offense cannot be changed to reflect Virginia's current penalty structure. The VCC entered reflects the penalty at the time of conviction for the most serious underlying offense. Unlike for prior record, you do not use Virginia's current penalty structure. For example: third or subsequent petit larceny was removed from the *Code* on July 1, 2021; the felony offense no longer exists. However, if the probationer was being supervised for felony third offense petit larceny, the corresponding felony VCC in place at the time of sentencing for the most serious underlying offense must be used. Other examples include driving after being a declared habitual offender, robbery, and felony larceny with a value of less than \$1,000.

**Released From Probation for One or More Offenses:** If the probationer was released by the court for the most serious original underlying offense, enter the VCC for the most serious remaining underlying felony offense from the revocation event. The new most serious underlying offense cannot be for a misdemeanor.

**WS- 2 Original Sentence was Incarceration/CCAP**

This factor is marked if the defendant was sentenced to an active incarceration period in jail, prison or a juvenile institution (including post-dispositional confinement in secure detention following adjudication of delinquency) for any offense in the Current Probation Violation Event. The incarceration period must be the result of a sentence. Time spent in jail or a juvenile facility awaiting arraignment, trial or sentencing is not identified unless the defendant is sentenced to time served. Do identify a jail work program used as an alternative to an active sentence as incarceration.

*Note that CCAP and Detention and Diversion Center programs are scored as periods of incarceration.*

**WS - 3 ICOTS Case**

The Interstate Compact Offender Tracking System (ICOTS) is a web-based system that facilitates the transfer of supervision for probationers and parolees from one state to another. Only mark the ICOTS box if the case has been accepted by the receiving state. Do not mark this box for any other type of travel permit granted or any other form of permission to leave the sentencing state. Enter the abbreviation for the state that agreed to accept transfer of supervision for the primary offense.

**WS - 4 Amount of Total Revocable Time at Sentencing**

Enter the years, months, and days for the total amount of revocable time that this court could impose for the Current Probation Violation Event. This is the sum of all suspended time for any offense that this court could revoke in the Current Probation Violation Event hearing. (This is the amount of revocable time for this court and this probation violation event only).

Dates (use to score factors three and four)

EXAMPLE

Earliest Original Sentencing Date \_\_\_\_\_ Start of Current Supervision Period \_\_\_\_\_

## WS - 5 Dates (use to score factors on Guidelines)

**Earliest Original Sentencing Date** – Enter the date the defendant was originally sentenced for the current underlying felony offense(s). If the defendant currently has multiple obligations in this court with different original sentencing dates, enter the earliest original sentencing date. The date entered here may not be for the offense identified as the primary offense or most serious offense; the primary offense may not have occurred first. The earliest date cannot be for a misdemeanor.

*Example: The defendant was sentenced in this court for Credit Card Theft on November 1, 2023, and placed on supervised probation, then convicted in this court for Grand Larceny on February 2, 2024, and placed on supervised probation again. The defendant is still on supervision for both offenses and is now being brought before this court for a violation relating to both offenses. The Original Sentence Date would be November 1, 2023.*

Do not enter the date the defendant was placed on first offender or a deferred disposition. If this is a violation of any deferred sentencing, the guidelines for the underlying offense must be completed. The Earliest Original Sentencing Date for defendants who violate first offender or deferred disposition requirements is the date the defendant is found in violation of the deferred disposition and convicted of the offense.

*Example: The defendant was placed on a deferred disposition for Credit Card Theft on June 27, 2025. The defendant was found in violation of the terms of the deferred disposition and was convicted of Credit Card Theft and sentenced to all time suspended and supervised probation on January 5, 2026. The Fraud Guidelines would be submitted to the court. Currently, the defendant is being brought back before the court for violation of probation. The Earliest Original Sentencing Date would be January 5, 2026.*

**Start of Current Supervision Period** – The Current Supervision Period begins on the most recent date the defendant was placed or continued on probation for any offense in the Current Probation Violation Event. If there are multiple start dates for the offenses in the violation event, enter the earliest start probation date.

*For example, a defendant is on probation for Offense A when convicted of a new felony (Offense B). Probation for Offense A was not revoked. The defendant is now being supervised for both convictions from the same court. Currently, the defendant is before one judge for violation of both periods of supervision. In this example the earliest start date is for Offense A, the date the defendant was first placed on probation.*

If the defendant was previously found in violation of probation, the Current Supervision Period begins on the date of the last time the defendant was found in violation of probation in this court (or if incarcerated, the date that probation was resumed after being found in violation) up to the current hearing/sentencing date. The start date for the Current Supervision Period is reset each time the court finds the defendant in violation of probation or revokes the defendant's probation.

If the judge finds the defendant not in violation of probation before continuing the case, the judge's decision not to revoke ends the defendant's current supervision period. A new supervision period begins for Guidelines purposes.

*Example: The defendant was sentenced and placed on probation on June 1, 2023. The defendant was later found in violation of probation on February 1, 2024 but was continued on probation. Sentencing for a second probation violation based on violation of special conditions is set for October 1, 2024. The current supervision start date is February 1, 2024 (not the original start date of June 1, 2023).*

<b>Number of Felony Revocation Events for Current Offense(s) (This Court Only)</b>		0		
Current Revocation Event Only.....				2
One Revocation Event Prior to Current Revocation Event.....	<b>EXAMPLE</b>			12
Two or More Revocation Events Prior to Current Revocation Event.....				24

## WS - 6 Number of Felony Revocation Events for Current Offense(s) (This Court Only)

This factor scores the Current Probation Violation Event and previous probation violation events for any of the underlying offenses in the Current Probation Violation Event. This factor is focused on the current court only.

### Revocation Defined

A probation is considered revoked for Guidelines purposes when the court either revokes probation or finds the defendant in violation of probation. The sentence does not determine if the revocation is scored or not. Found in violation **and** continued on probation are considered to be probation revocation events. However, if the judge takes the decision to revoke under advisement or if the defendant is found not in violation of probation, do not score as a revocation.

**Note:** Prior revocations of **First Offender** (§§ 18.2-251 or 18.2-258.1), and any **deferred finding** cases (§§ 19.2-298.01 or 19.2-303.6) are not considered a probation violation on Guidelines. Probation violations are only counted after the defendant has formally been convicted of a charge.

### Event Defined

An event includes violations for all underlying offenses and associated counts being handled before the same judge, on the same day, and in the same court. An event may include multiple offenses or several different periods of supervised probation, but only one revocation is scored. Do not score a separate revocation for each count, each court order, or each period of probation if the court is conducting one violation hearing for multiple offenses.

### Good Behavior Violations

Do not score good behavior violations, local probation violations, or suspended sentence violations.

### Assigning Points

**Current Revocation Event Only:** If there are no previous revocations for the offenses in the current event (i.e., this is the defendant's first probation violation), the case will be assigned points for Current Revocation Event only.

**Prior Revocation Event:** This factor is scored if the defendant's probation for any of the offenses in the current sentencing event (in this court only) was previously revoked for any reason. Do not add the points together for current and prior revocations.

<b>Prior Felony Revocation(s) <u>Before</u> Original Sentencing Date (This Court Only)</b>		
One Prior Felony Revocation .....	18	<div style="border: 1px solid black; padding: 5px; display: inline-block;"> <b>EXAMPLE</b> </div>
Two or More Prior Felony Revocations .....	19	
		<div style="border: 1px solid black; padding: 5px; display: inline-block;"> 0 </div>

**WS - 7 Prior Felony Revocation(s) Before Earliest Original Sentencing Date (This Court Only)**

Assign points if the defendant has any prior Probation Violation/Revocation Events before the earliest original sentencing date that are not part of the current violation. The original sentencing date is the date entered for Factor 1. Only score prior felony revocations that occurred in the current court. The revocation must occur **before** the original sentencing date and not on or after the original sentencing date. In other words, the prior revocation is from a **different supervision period** and not the current. Any change in penalty structure for the underlying offense does not reduce the felony probation violation to a misdemeanor violation.

Note: This rule is different from the instructions provided in the Sentencing Guidelines manual for scoring prior convictions/adjudications on the sentencing guidelines. Changes in penalty structure do impact the scoring of prior convictions, adjudications, and revocations on the guidelines for new felony offenses. Please refer to General Instructions in the Sentencing Guidelines manual when completing guidelines for new felony offenses.

For this factor, a prior felony revocation is any revocation for a felony offense that occurred before the current original offense date. In other words, the prior revocation is from a different supervision period and not the current.

**Good Behavior Violations**

Do not score good behavior violations, local probation violations or suspended sentence violations.

## WS - 8 Felony Offense Conviction(s) Between Original Sentencing Date and Start of Current Supervision (All Courts)

### Assigning Points

Assign points if the defendant committed a felony offense between the original sentencing date and the start date for the Current Supervision Period that resulted in a felony conviction during that time. The Current Supervision Period begins on the most recent date the defendant was placed or continued on probation and ends on the date for the Current Probation Violation Event. Both the offense date **and** the conviction date must be between the earliest original sentencing date and the start date for the Current Supervision Period.

A felony conviction is any felony offense (other than a probation violation or suspended sentence violation) for which the offender has pled guilty or been found guilty by the court. Convictions for offenses that are currently pending sentencing in another court are considered convictions.

Points are assigned if the defendant has any felony convictions in any court. This factor is not limited to the current court.

Points are assigned if the defendant is currently on probation for a felony offense conviction that occurred between the original sentencing date and start of the current supervision period.

Out-of-state, federal, military, and international offenses are scored based on Virginia's current penalty structure. If the behavior in another state or jurisdiction is similar to a felony here in Virginia, the conviction must be scored as a felony. In other words, a misdemeanor in another state may be scored as a felony for this factor if the behavior is punishable as a felony in Virginia. The reverse is true, as well. If a felony conviction in another state or jurisdiction is punishable as a misdemeanor in Virginia, that conviction is not scored on this factor.

### Do not score:

- A. Convictions During the Current Supervision Period:** Offenses and convictions that occur during the Current Supervision Period are not scored.
- B. Convictions That Occur on the Start Date of the Current Supervision Period:** Do not score if the only new felony conviction occurred on the same date as the start of the current supervision period. For example, the defendant is found in violation of probation based on a new felony. The new felony conviction occurred on the same day as the probation violation, or the defendant is being sentenced for the probation violation and new felony at the same time. The conviction would not be between the original sentencing date and the start of the current supervision period.
- C. Probation Violations, Good Behavior or Suspended Sentence Violations/Revocations:** For this factor, probation, good behavior or suspended sentence violations are not scored as new convictions; there must be a documented new felony conviction. A new felony arrest without a conviction is not scored.

- D. Deferred Finding Dispositions:** Not scored are first offender cases (§18.2-251 or §18.2-258.1) or any deferred finding cases (§ 19.2-298.02). In these cases, the defendant has not yet been convicted of any offense. If the court finds the defendant violated the conditions of a deferred sentence and convicts the defendant of a felony, the felony conviction is scored.
- E. Misdemeanor, Criminal Traffic, Traffic infractions:** Convictions for misdemeanors, infractions and offenses with civil penalties are not scored.
- F. Certain Out-of-state Convictions:** Out-of-state felony convictions that are only punishable as misdemeanors in Virginia are not scored. If the out-of-state conviction is similar to a Virginia felony, then the factor is scored.
- G. Overturned** or successfully appealed convictions.
- H. Pending charges** that have not resulted in a conviction. Charges certified by a Grand Jury are not convictions.

0	0				

### WS - 9 Drug Violation Cited

For this factor, points are assigned if the defendant was cited for a violation of Condition 8 (Use, possess, distribute controlled substances or paraphernalia) or the conduct was specified in § 19.2-306.1(vii) in the current probation violation event. The violation must be cited in the capias, warrant, revocation request, or Major Violation Report, or amended reports. Assign points if the conduct is not cited in the Major Violation Report but the judge finds the defendant in violation of the conduct defined in § 19.2-306.1 (vii).

## WS-10 Abscond or Fail to Sign Conditions of Probation

Assign points if the defendant was cited for absconding from supervision in violation of Condition 11 of the Conditions of Probation Supervision or the conduct was specified in § 19.2-306.1(x). If the defendant signed conditions of probation prior to the enactment of Condition 11 by the Department of Corrections, the defendant may still be scored for this factor as long as the capias/revocation request informs the judge that the defendant did abscond from supervision.

Score defendants who never reported to sign their conditions of probation as absconding from supervision for Probation Violation Guidelines purposes.

**Last date whereabouts were known** – This is the date the probation officer last had contact with the defendant at which time the officer knew the whereabouts of the defendant. Contact may include verbal, written, or face-to-face communication with the probation officer or court official at which time the officer/official knew the whereabouts of the defendant. A phone call to the probation officer is not sufficient to verify a defendant's location. If there are multiple periods of absconding, use the most recent date the probation officer last knew the defendant's whereabouts and the most recent date the defendant's whereabouts were subsequently verified.

**Date whereabouts verified** – The location is verified when the defendant is in jail or prison, arrested on a capias or PB-15, or found living at a different address and the location is verified by the probation officer. If there are multiple periods of absconding, use the most recent date the probation officer last knew the defendant's whereabouts and the most recent date the defendant's whereabouts were subsequently verified.

### Additional Information for Establishing Dates for Absconding

**Arrest on PB-15:** Enter the most recent date the defendant was arrested for the violation (the date the defendant was served with the Probation Violation Capias). If the defendant was first arrested on a PB-15 for the alleged violations of supervision and later served with a Probation Violation Capias, enter the date the defendant was arrested on the PB-15.

### DOC Establishes Policies for Identifying Absconders

If the probation officer cites Condition 11 and the court agrees that the defendant is an absconder, points must be assigned. In general, Condition 11 is cited when a reasonable effort has been made to locate an offender and their whereabouts are unknown. Reasonable effort includes follow-up inquiry at the approved residence and employment, as well as at local jails and hospitals, and the questioning of family members and close friends. Current DOC policy may be different than what was in effect at the time this manual was printed.

**Never Signed Conditions of Probation:** For defendants who never report to sign their conditions of probation, use the most recent date the defendant was ordered to report for supervision (e.g., sentencing date) as the date of last contact.

**Voluntarily Reports to Probation Officer:** If a defendant is not arrested but returns and advises the probation officer of his or her whereabouts, enter the date the return location was verified. The location must be verified by the probation officer or other court official. A phone call to the probation officer is not sufficient to verify a defendant's location.

## WS - 11 Primary Offense VCC Prefix of SEX, RAP, OBS or Violation of Sex Offender Special Conditions/Instructions (Court or DOC)

There are two possibilities for assigning points for this factor:

**Based on the VCC Prefix for the Primary Offense:** This factor is focused on the primary offense, which is the most serious underlying offense in the Current Probation Violation Event. If the primary offense has a SEX (Sex Offense), RAP (Sexual Assault), or OBS (Obscenity) VCC prefix, points are assigned for this factor. There may be other offenses in this probation violation event with the required VCC prefixes, but points are only assigned based on the primary offense.

**Cited for Violation of Sex Offender Special Conditions in the Major Violation Report:** Points are assigned if the primary offense does not have a VCC prefix of SEX, RAP, or OBS, but the defendant was required by court or the probation officer to comply with any special sex offender conditions or instructions and subsequently violated these restrictions. The alleged violations must be detailed in the Major Violation Report for points to be assigned. The conditions do not need to be specified in the court order but must be included in the Major Violation report submitted to the court.

If the judge decides that the conduct is a technical violation as defined by § 19.2-306.1, this factor is still scored based on the rules above. However, the Guidelines recommendation is not relevant because the limits of § 19.2-306.1 supersede the historically based recommendation.

The Commission will monitor the impact of nonprimary offenses that meet the sex offender criteria for this factor and their impact on judicial sentencing patterns. Adjustments, if needed, will be made in Phase II of the Commission's analysis.

**WS - 12 Condition 1 Violation: New Misdemeanor Conviction(s) for Offenses Committed During the Current Supervision Period (All Courts)**  
(Use Virginia's Current Penalty Structure)

Score this factor if Condition 1 has been cited for a new misdemeanor or lesser conviction with an offense date and a conviction date during the Current Supervision Period. Do not score this factor if the new law violation is a civil offense. If there are new felony convictions, Worksheet New Law F must be completed. This factor is scored after a conviction for a new offense; it is not scored for a new arrest or a pending case without at least one conviction. The judge may decide that placement on first offender (§§ 18.2-251 or 18.2-258.1), any deferred finding (§§ 19.2-298.02 or 19.2-303.6), or finding taken under advisement satisfies the legal requirement for a violation of Condition 1 (new law violation).

Enter points if any new misdemeanor conviction is similar in behavior to the current primary offense. Similar behavior is determined by using the table on Page 65 and Appendix 4. The Similar Offense Types Table lists the VCC prefix for the primary offense and identifies the VCC prefix for any similar offense or behavior. If the new misdemeanor has the same prefix as the primary offense or a similar VCC prefix identified in Appendix 4, points are assigned. This factor is scored based on the VCC prefix only and not the elements of the offense. One point is assigned if the new misdemeanor or lesser conviction is not similar to the primary offense in the Current Probation Violation Event. **Do not total the points.**

Out-of-state, federal, military, and international offenses are scored based on Virginia's current penalty structure. If the behavior in another state or jurisdiction is similar to a misdemeanor here in Virginia, the conviction must be scored as a misdemeanor. In other words, a felony in another state may be scored as a misdemeanor for this factor if the behavior is punishable as a misdemeanor in Virginia. The reverse is true, as well. If a misdemeanor conviction in another state or jurisdiction is punishable as a felony in Virginia, that conviction is treated as a felony (not scored for this factor).

### WS - 13 Enter the new conviction information (New Conviction Box)

Details are provided so the court will have consistent information on the type of convictions that, in part, initiated the violation hearing and the effective sentence for the new law violations.

If there are more than two new offense convictions (i.e., more than two different VCCs), then select the two most serious convictions.

Use the following hierarchy to determine the most serious offense convictions (see Appendix 3 for the type of offense):

- 1- Statutory Maximums
- 2- Person Crimes
- 3- Property Crimes
- 4- Other Crimes (e.g., Weapons, Traffic, Fail to Appear)
- 5- Drug Crimes
- 6- Results in the Highest Probation Violation Guidelines Recommendation (for the current violation)

In the New Conviction box, enter the number of counts, VCC, offense date, sentencing date (or Conviction date if sentencing is pending), FIPS code (refer to Appendix 5), and the effective sentence (the amount of active time to serve after suspension). For out-of-state indeterminate sentences, enter the maximum sentence. If sentenced to time served, enter the specific amount of time served (If sentenced to time served for multiple offenses in the same event, check the time served boxes for all). If the amount of time served is unknown, leave effective sentence blank and check the TS (Time Served) boxes. Enter 600 for a life sentence. If the defendant has been convicted, but not yet sentenced, be sure to check the pending sentencing box, enter the conviction date, and leave effective sentence blank. Check the TS box if the court considers a deferred disposition a new law violation.

**Sum of Total Effective Active Sentence for All New Convictions** – Sum the total active time the defendant must serve for all new convictions in all courts, not just for the ones listed on the worksheet. Effective time means any active time to serve in jail or prison. If there are more than two new convictions, be sure to include any active time the defendant must serve for new convictions not included in the new conviction box. If the effective sentence is for life enter 600.

**WS - 14 Condition 1 Violation: New Felony Conviction(s) for Offenses Committed During the Current Supervision Period (All Courts)**  
(Use Virginia's Current Penalty Structure)

Score this factor if Condition 1 has been cited for a new felony **conviction** with an **offense date** and a **conviction date** during the Current Supervision Period. If there are both new misdemeanor and new felony **convictions**, complete Worksheet New Law F. This factor is scored after a conviction for a new felony offense; it is not scored for a new arrest or a pending case without at least one felony conviction. The judge may decide that a placement on **first offender** (§§ 18.2-251 or 18.2-258.1), any **deferred finding** (§§ 19.2-298.02 or 19.2-303.6) or any finding taken under advisement satisfies the legal requirement for a violation of Condition 1 (new law violation).

Identify the number of new person felony convictions and the number of counts. Refer to Appendix 3 to identify person crimes. Enter the total number of counts. Multiply the number of counts by 20 and enter the total score.

Identify all other felony convictions (other than person crimes) and enter the total number of counts. Multiply the number of counts by 2 and enter the total score.

Out-of-state, federal, military, and international offenses are scored based on Virginia's current penalty structure. If the behavior in another state or jurisdiction is similar to a felony here in Virginia, the conviction must be scored as a felony. In other words, a misdemeanor in another state may be scored as a felony for this factor if the behavior is punishable as a felony in Virginia. The reverse is true, as well. If a felony conviction in another state or jurisdiction is punishable as a misdemeanor in Virginia, that conviction is treated as a misdemeanor (not scored for this factor).

Do not score probation violations or suspended sentence violations as new felony convictions for this factor.

## WS - 15 New Felony or Misdemeanor Conviction is Similar to the Most Serious Current Primary Offense Listed Above

Score this factor if Condition 1 has been cited for a new conviction with an offense date and a conviction date during the Current Supervision Period. Do not score this factor if the new law violation is a civil offense or a traffic infraction (traffic infractions are neither a felony nor misdemeanor). This factor is scored after a conviction for a new offense; it is not scored for a new arrest or a pending case without at least one conviction. The judge may decide that placement on first offender (§§ 18.2-251 or 18.2-258.1), any deferred finding (§§ 19.2-298.02 or 19.2-303.6), or finding taken under advisement satisfies the legal requirement for a violation of Condition 1 (new law violation).

Enter points if any new misdemeanor conviction or felony conviction is similar in behavior to the current primary offense. Similar behavior is determined by using the table in Appendix 4 (image is printed below). The Similar Offense Types Table lists the VCC prefix for the primary offense and identifies the VCC prefix for any similar offense or behavior. If the new offense has the same prefix as the primary offense or a similar VCC prefix identified in Appendix 4, points are assigned. This factor is scored based on the VCC prefix only and not the elements of the offense.

### Similar Offense Types

Use the table below to decide if a new felony or misdemeanor conviction is similar in behavior to the current most serious primary offense in the Current Probation Violation Event. This lists the Virginia Crime Code (VCC) prefix for the primary offense and identifies the VCC prefix for any similar offense or behavior. If the new felony or misdemeanor has the same prefix as the primary offense or a VCC prefix identified below as similar, points are assigned.

This factor is limited to the offense and VCC listed as the current most serious primary offense at the top of Worksheet. If the new felony or misdemeanor conviction is similar behavior to any offense other than the primary offense in the Current Probation Violation Event, the similar behavior factor is not scored.

## WS - 16. RECOMMENDATION RANGE

*SWIFT*, the official Guidelines application, will populate the historical recommendation based on the total score on the No New Law, New Law M (Misdemeanor), or New Law F (Felony) worksheet. The judge must decide if the limits of § 19.2-306.1 are applicable in each case. If the provisions of § 19.2-306.1 apply, the Guidelines recommendation will be the statutory requirement of no time or no more than 14 days. In the event that *SWIFT* is not available, check the appropriate box indicating the Probation Violation Guidelines recommended range. **If the amount of revocable time is less than the guidelines recommended range, the computed recommended range should be manually adjusted to equal the maximum amount of revocable time available.**

There will be no recommendation for violations of local probation, good behavior, suspended sentence, CCAP, or post release since the Probation Violation Guidelines do not apply in these cases. Only the SRR is required for these types of violations.

The Probation Violation Guidelines will always produce a historically based recommendation. Judges will determine if the statutory requirements supersede the Guidelines recommendation. After the judge's decision, *SWIFT* will adjust the recommendation on the Sentencing Revocation Report to reflect the statutory requirement of no time or 0-14 days.

**Violations Prior to July 1, 2021:** If the violation procedure started prior to July 1, 2021, and the attorneys and court agree to proceed under the laws in place prior to July 1, 2021, the current Guidelines recommend a historically accurate sentence for that time. The current Guidelines apply to violations before and after July 1, 2021. The Guidelines in place at the time of sentencing apply, and there are no previous Guidelines available for the court's review.

Limits to the amount of active incarceration a court can impose for a technical violation of probation supervision as specified in § 19.2-306.1):	
<u>Technical Violation</u>	<u>Statutory Cap on Incarceration</u>
1 <sup>st</sup> technical violation.....	No active incarceration
1 <sup>st</sup> technical violation related..... to firearm or absconding	Presumption against incarceration, up to 14 days incarceration
2 <sup>nd</sup> technical violation.....	Presumption against incarceration, up to 14 days incarceration
2 <sup>nd</sup> or subsequent technical violation..... related to firearm or absconding	Up to the amount of revocable time

### Similar Offense Types

Use the table below to decide if a new felony or misdemeanor conviction is similar in behavior to the current most serious primary offense in the Current Probation Violation Event. This lists the Virginia Crime Code (VCC) prefix for the primary offense and identifies the VCC prefix for any similar offense or behavior. If the new felony or misdemeanor has the same prefix as the primary offense or a VCC prefix identified below as similar, points are assigned.

**This factor is limited to the offense and VCC listed as the current most serious primary offense at the top of Worksheet.** If the new felony or misdemeanor conviction is similar behavior to any offense other than the primary offense in the Current Probation Violation Event, the similar behavior factor is not scored.
